

PERSONAL INFORMATION

Carl Silfverswärd

POSITION IN THE ADMINISTRATIVE BOARD

Alternate representing Sweden

WORK EXPERIENCE

- 1/8 2011 - Ministry of Enterprise and Communications
Senior Adviser
Principal activities and responsibilities: Preparing the Swedish position in rail related matters on EU-level, including the preparation of instructions to the Swedish representative in the Council's land transport working party; Drafting, in cooperation with legal experts, rail related public law proposals (for example the bill implementing the SERA-directive); Preparing instructions to the Swedish representatives in RISC and OTIFs administrative committee; Preparing the Swedish position in OTIF matters.
- 1/1 2010 – 31/7 2011 National Rail Administration which, after being merged with the National Road Administration 1/4 2010, became the Swedish Transport Administration.
Various positions
Principal activities and responsibilities: same as above since I was temporarily placed at (hired out to) the Ministry of Enterprise, Energy and Communications during the whole period.
- 1/1 2006 – 31/12 2009 Ministry of Enterprise, Energy and Communications
Special Adviser
Principal activities and responsibilities: Same as above, except that my responsibilities included drafting the instructions for the Swedish representative in DERC, while that committee was still functioning.
- 1/9 2005 – 31/12 2005 Ministry of Enterprise, Energy and Communications
Desk Officer
Principal activities and responsibilities: Same as above.
- 1/1 2004 – 31/8 2005 National Rail Administration
Analyst
Principal activities and responsibilities: Analysing market trends in the Swedish rail sector from a transport policy perspective and giving advice regarding design of means to influence these markets in conformity with Swedish transport policy.
- 29/10 2001 – 31/12 2003 The Governmental Rail Commission
Secretary
Principal activities and responsibilities: Analysing and designing measures necessary to implement the first railway package. Drafting, in cooperation with the other secretaries, the Commissioner's report to the government,

- 30/3 1998 – 28/10 2001
National Rail Administration
Analyst
Principal activities and responsibilities: Analysing market trends in the Swedish rail sector from a transport policy perspective and giving advice regarding design of means to influence these markets in conformity with Swedish transport policy; Expert adviser to the Swedish representative in the Council's Land Transport Working Group during the first railway package negotiations.
- 12/12 1988 – 29/3 1998
The Union of Civil Servants
Ombudsman
Principal activities and responsibilities: Preparing and taking part in negotiations between the social partners in the rail-, telecom- and postal services sectors concerning the organisation and staffing of the governmental agencies and state owned enterprises in these sectors. (During this period all the mentioned sectors were restructured and opened for competition.)
- 1977 - 1988
Various, mostly part time, odd jobs. None of them even remotely linked to the rail sector.
-

EDUCATION AND TRAINING

- 1979 -1988
Degree of Master of Laws (Stockholm University)
- 1987 -1988
Basic Course in Political Science (Stockholm University)
-

ADDITIONAL INFORMATION During 2 years (1986 and 1987) I served as a member of the board of the Student Union of Stockholm University. During this period I was also remunerated to work full time for the Student union.
