

Request of the Commission to the Agency for an Opinion/Advice

Requesting Organisation (name, address)	DG MOVE, C4	
Contact information	Bertrand COLLIGNON (bertrand.collignon@ec.europa.eu)	
Legal base	Opinion	<ul style="list-style-type: none">→ Agency Regulation Art. 25 and 26→ Agency Regulation Art. 10.1→ Agency Regulation Art. 10.2→ Agency Regulation Art. 19→ Agency Regulation Art. 42
	Advice	<ul style="list-style-type: none">→ Agency Regulation Art. 41
Objective	Evaluation and technical opinion	
Scope	LOC&PAS TSI 1302/2014 and WAG TSI 321/2013 potential deficiency - Testing and Simulation for the acceptance of running characteristics of railway vehicles - Running Behaviour and stationary tests	
Task Description	Evaluation, technical opinion. The Agency's opinion shall constitute an acceptable means of compliance.	
Key input documents	<u>Background information and justification for the request:</u> EN 14363:2016 has been drafted in close cooperation with ERA and provides solutions to practical issues of the previous version EN 14363:2005, that creates significant difficulties and excessive costs for the testing of running characteristics of railway vehicles. The TO should thus consider the possibility of and conditions for allowing the use of EN 14363:2016 before the related revision of the LOC&PAS and WAG TSIs.
