

- Choice of the date of the transposition: choice to transpose by 16 June 2019 or by 16 June 2020.
- If MS's want to transpose by 16 June 2020 : obligation to notify to the Agency and the Commission by the 16th of December 2018 and explain reasons for the extension.
- Importance of ensuring coherent transposition by MS.
- Still, choices have to be made in national law:
 - voluntary exclusion from the scope;
 - designation of competent national bodies (notifying authority, national body to perform the verification procedure in respect of national rules, national body to monitor compliance with driving time for train drivers);
 - transposition or implementation in national law of procedural obligations (e.g. legal basis for signing cooperation agreement with ERA).
- Table of Articles to be transposed was presented to the RISC members in January 2017. No definitive version available yet.
