

CYBERSECURITY IN RAILWAYS

Building cyber secure
railways

3rd ERA - ENISA CONFERENCE

8 - 9 November 2023 - Divani Caravel
Athens, Greece

DRAFT AGENDA – JUNE 2023 UPDATE

This event is the continuation of the close collaboration between the European Union Agency for Railways (ERA) and the European Union Agency for Cybersecurity (ENISA) on cybersecurity in the railway domain.

The topics of this joint event, together with the strong support from the European Commission, will cover:

- an update of the cybersecurity policy framework,
- developments on Cooperation and Information Sharing,
- insights from Research & Innovation programs link to railway cybersecurity,
- practical implementations examples from stakeholders' perspective,
- presentation of the EU cybersecurity skills framework,
- awareness raising and cyber threat landscape within the railway community,
- status on Standards developments.

The conference will provide networking opportunities aiming at building a railway cybersecurity community. Speakers and participants will share information on the latest developments and raise awareness among railway stakeholders about the cyber threat landscape.

Registration

The conference will be physical only. The registration is on a “first come, first served” base and will be closed as soon as the maximum number of participants is reached.
