

Moving Europe towards a sustainable and safe railway system without frontiers.

## Safety Culture Oversight Training

### **OBJECTIVES**

The main objectives of the course are to get acquainted with the European Railway Safety Culture Model and understand how it can be used for activities conducted by National Safety Authorities.

The training course emphasises the need to integrate safety culture in the supervision of railway undertakings and infrastructure managers to have a better understanding of their maturity in the management of safety. The relationship between safety culture and the safety management system is highlighted.

After the course, each participant should have a clear idea on how they can positively influence the national railway safety culture.

### **METHODS**

The 2-day training session has a modular structure.

The cornerstone is the European Railway Safety Culture Model and how to use it.

The following training tools are used during the course:

- *Presentations with supporting materials, illustrated with real-life cases;*
- *Interactive dialogue between the participants and group work sessions guided by the facilitators;*
- *Practical role-play to foster the adoption of the concepts.*

□ **AGENDA (2 days)**

Day 1 – 23 January 2024

Time	Module	Training Objectives
09:00 - 09:15	Tour de table and Introduction	Understand the benefit of this training course, present contents and practical arrangements.
09:55 - 10:20	Part I: Introduction to the European railway Safety Culture Model	Get acquainted with the conception of the model and understand how it is used to support SMS.
<b>Break (30')</b>		
10:50 - 12:15	Part I: Introduction to the European Railway Safety Culture Model	Understand the model and learn how to use it through practical exercises.
<b>Lunch (60')</b>		
13:15 - 13:35	Part II: Introduction to the three types of strategies	Understand how the NSA can positively influence safety culture through the three types of strategies
13:35 - 13:40	Part II: Promotion-based strategies	Understand how safety culture can be positively influenced through promotion-based activities.
13:40 - 14:40	Part II: Regulation-based strategies	Understand how the legal framework can help to influence safety culture in the daily activities of the NSA.
<b>Break (30')</b>		
14:40 - 16:30	Part II: Regulation-based strategies	Understand how the legal framework can help to influence safety culture in the daily activities of the NSA.

Day 2 – 24 January 2024

Time	Module	Training Objectives
08:30 - 09:45	Part II: Regulation-based strategies	Understand how the legal framework can help to influence safety culture in the daily activities of the NSA.
<b>Break (30')</b>		
10:15 - 12:00	Part II: Picture-building strategies -data collection	Understand how the model can be used in the NSA activities.
<b>Lunch (45')</b>		
12:45 - 14:20	Part II: Picture-building strategies -data collection	Understand how the model can be used in the NSA activities.
<b>Break (30')</b>		
14:50 - 15:40	Part II: Picture-building strategies - data analysis and reporting	Understand how the collected data can be used to build a safety culture picture and to positively influence safety culture.
15:40 - 16:00	Conclusion and feedback
