Valenciennes, 01/03/2024

CEF Project Compliance Test Results – Activity 3 - INEA/CEF/TRAN/M2017/1483366 - 2017-DE-TM-0009-W - DB TAF-TSI: Investing in digital communication infrastructure based on Telematics Application for Freight

Dear Thomas Kaspar,

I confirm and certify herewith that the following TAF TSI functionality implemented by the company DB Cargo AG (Germany), within the project “Activity 3 - INEA/CEF/TRAN/M2017/1483366 - 2017-DE-TM-0009-W - DB TAF-TSI: Investing in digital communication infrastructure based on Telematics Application for Freight”, is compliant with the appropriate provisions of chapter “4.2.4. Train Running Information and Train Running Forecast in conjunction with 4.2.6. Shipment ETI/ETA” of the [TAF-TSI Regulation \(EU\) 2021/541](#) and its [Technical Documents](#) (XSD version 3.4.0).

In this activity the company DB Cargo AG had to implement the TAF TSI Train Running Information and Train Running Forecast function. To enable the ERA verification, DB Cargo AG has sent on 19/12/2023 to ERA TAF TSI *soft* compliant Train Running Information and Train Running Forecast message implemented and used in operation in its own IT system (see Annex). This *soft* compliance is based on the fact that above message carries all mandatory elements from the TAF TSI XSD (see chapter 6.2.1 of the TAF TSI).

Mickael VARGA
European Union Agency for Railways
Operational Data Unit
Project Officer
Email: mickael.varga@era.europa.eu
